

Tools that work for —

Welcome to eTools™!

An opportunity to live more abundantly is currently waiting for you. As an associate of AIS, you now have exclusive, 24/7 access to employee benefits—services that will protect your identity and personal information, provide time and money saving opportunities, and keep your computer files backed up and secure online.

Your new eTools™ benefits include the following options:

FunVantage Discount Program

Without effort, FunVantage instantly adds value to your dollar while you shop at the same stores you already know and love. You'll receive new discounts and unlimited savings up to 50% each month at over 325,000 locations (and growing) nationwide. Your membership covers virtually anything you can think of—movie tickets, hotels, retail stores, theme parks, sporting events, restaurants, and so much more!

ID COMMANDER
EMPLOYEE BENEFIT SOLUTIONS

ID Commander

Experience peace of mind, knowing you've eliminated the risk of identity theft with ID Commander. With its proactive, state-of-the-art approach, ID Commander never quits protecting your vital information and provides the security you and your family deserve—including features that are more expansive and less expensive than LifeLock.

File Security Center

Smart. Affordable. Responsible. Each describes the choice to back up your computer's hard drive, saving each and every file. Not only is File Security Center more affordable than Carbonite, it comes equipped to separate itself from all competitors—members can synchronize files between any number of tech devices, and with secure online share rooms, they can share and receive files of any size or type with each other. Revamp your entire online experience with the benefit of File Security Center.

Get the Tools that work for you! Sign up today.

SAVE MORE. DO MORE. GET MORE.

What if I told you that for less than \$10 a month, you could immediately start saving at least \$10 a week? What if I added a \$25 Restaurant.com gift card and a Companion Airline Ticket just for becoming a member—and what if I told you those complementary items came free with each membership?

The common denominator of these questions: FunVantage, discount benefit program, which finally gives customers the ability to determine the value of his or her own dollar!

With your online membership, simply login to your FunVantage account and begin shopping for discounts. FunVantage keeps you in mind with its savings—you'll find stores and restaurants that you already know and love, among a growing list of new locations each month. FunVantage includes exclusive discounts at over 325,000 stores and over 22,500 restaurants nationwide!

Make Your Time *QUALITY TIME!*

Unfortunately in life, free time rarely comes without a price. FunVantage guarantees to increase the quality of your free time, while helping you enjoy it at the most affordable cost. If taking a vacation has been outside of your budget's range, you will see just how far your FunVantage membership can take you. Enjoy discounts to theme parks, concerts, sporting events, movie theatres, hotels, and so much more! Stretch your dollar further and put quality back to your free time!

EMPLOYEE BENEFIT SOLUTIONS

PROTECTING YOUR TIME & MONEY

Proactive Protection

Identity theft is a crime rising in frequency and severity across America every year... and many victims aren't even aware of the crime before it is too late! Cyber-thieves are able to illegally collect your personal information and use it to commit fraud, running up charges and opening up fake accounts.

The average financial loss per identity theft incident is almost \$5,000! Stop these cowardly hacks in their tracks with ID Commander, the most proactive and cost-effective identity protection available! With 24/7 monitoring to ensure the safety of your identity, ID Commander will alert you the moment that any suspicious activity is associated with your personal information.

As member of ID commander, if do fall victim to identity theft, our certified agents guarantee the full restoration of your identity in three steps:

1. Determine the scope of the breach.
2. Immediately shut down the breach.
3. Repair all damage done as a result of the crime. ID Commander guarantees it will spend up to \$1 million to aid the process of restoring your identity.

Plans for Everyone

ID Commander's comprehensive identity theft protection plans are available to both individuals and families. The Family Protection Plan covers each member of your family, providing full access online. With every Ultimate Protection Plan membership, complementary Bitdefender Internet Security Software is included to protect your computer from crashes and viruses. The singularity of your personal identity is what separates yourself from everyone else. With ID Commander, we'll make sure it stays that way.

FEATURES

- Identity Monitoring and Alerts
- Identity Risk Score and Reporting
- \$1 Million Identity Theft Insurance
- Full-Service Restoration

File Security Center

KEEPING YOUR TIME SAFE

We depend on technology for work, school, leisure, communication, and health, among many things. Many people, however, don't take into account a basic fact about computers—they are not perfect!

With more and more data being stored on personal computers, it's up to you to make the responsible choice and back up your computer's hard drive. Data loss can occur from a number of reasons, many of which are unpredictable and out of our hands, but it is a completely avoidable issue with File Security Center.

File Security Center securely backs up your existing files online and automatically backs up each new file. Your files will remain private to you alone, but can be easily retrieved unscathed and in a matter of seconds.

With the most affordable rate on the market, File Security Center comes with additional features that allow members to enhance their online experience.

- **File Sync**—Synchronize your data between any number of tech devices. With many Americans owning more than two tech devices, File Sync allows you to access your data from your desktop, laptop, smart phone, or tablet.
- **Secure Online Share Rooms**—Email is not always a secure method to exchange files. With our private Share Rooms, you have unlimited access to share all of your data with no restrictions on what type of data you exchange or the size of the data.

Computer hard drives are not built to last forever. Even with proper maintenance, your machine becomes more likely to crash or undergo performance issues that put your files at risk. Eliminate that risk with the benefit File Security Center.

www.eToolsfal.com

FEATURES

BACKUP

State of the art encryption, cross platform

support, automatic backup, historical versioning, and retention of deleted files for as long as you may need them.

SYNC

An easy, flexible, and secure solution

for making sure all of your important files are in constant sync across a number of devices.

SHARE

Distribute all file types to friends, family

members or colleagues by creating sharing groups. You can create as many groups as you need – there's no limit.
